

## About Boab Health Services

Boab Health Services is a not-for-profit accredited primary health care organisation. We have been providing multidisciplinary services to towns and remote communities in the Kimberley region since 1998.

Our Allied Health, Mental Health and Integrated Team Care programs provide a range of services to support people in the Kimberley improve their health and wellbeing.

We provide clinical allied health services, counselling, care co-ordination and health promotion programs under the guiding principles of patient-centred care and self-management.

Working in partnership with other organisations enables us to increase access to our primary health care services across the Kimberley.

Boab Health Services meets the Quality Management Systems (QMS). ISO:9001:2015 standards and the National Standards for Mental Health Services.

Boab Health Services has received Gold Recognition (Leading the Way) with the Healthy Workplace Program by Healthier Workplace WA.

## Our Values

### ✓ Integrity

We are transparent, accountable and uphold the highest standards of integrity in all our actions.

### ✓ Compassion

We show compassion and understanding towards our clients, colleagues, partners, communities and environments in which we work.

### ✓ Inclusiveness

We value equality, equity and empowerment for all people. We are passionate about improving access to services for people in the Kimberley.

### ✓ Respect

We treat each person with respect and dignity and value each other as diverse individuals.

### ✓ Collaboration

We value and respect mutually beneficial partnerships and value working together as a team to achieve common goals.

### ✓ Excellence

We demonstrate the highest standards of professionalism and promote an environment of continuous improvement to ensure we provide high quality, evidence-based services.

### Podiatry

Our Podiatrists support people with high-risk complex-care needs to reduce the risk of lower limb complications, including amputations.

### Dietetics

Our Dietitians support people to improve personal nutrition to reduce their risk of chronic conditions, through individual and group sessions.

### Diabetes Education

Our Diabetes Educators aim to support people with diabetes to self-manage their condition to prevent or delay complications. We also provide health promotion activities to prevent diabetes in the community.

### Integrated Team Care (ITC) Program

Our ITC team provide support for Aboriginal and Torres Strait Islander people with chronic conditions to access health services and better manage their chronic conditions.

### Paediatric Dietetics

Our Paediatric Dietitians provide clinical services, group education, health promotion and food service consultation to improve nutrition for children and families.

### Mental Health

Our Mental Health team support adults, young people and their families to manage a range of common mental health concerns to improve their overall feelings of wellbeing.
