Integrated Team Care (ITC)

Country to City

Support for Aboriginal people
travelling from their region for
essential health treatments.

Country to City

Support for Aboriginal people travelling from their region for essential health treatments.

The Integrated Team Care (ITC), Country to City service supports ITC clients travelling from country regions to Perth for health care.

The service helps to ensure that the essential health care you are receiving for your chronic conditions in your home region continues in Perth.

Many of the Country to City care coordination team are Aboriginal people themselves. They are all experienced in providing support in a safe way that is based on your cultural, spiritual, social and health needs.

For further information about the service please contact:

**Moorditj Koort Aboriginal Corporation
on (08) 6174 7000
or Free call 1800 318 212**

Eligibility:

- Be a registered ITC Client
- Travelling from Country to Perth for Clinical health care
- Referred by a Country ITC Provider
 - Using the Inter-Regional Support/Transfer Form
 - Accompanied by GP Management Plan.

The Country to City Service can help with:

- Connecting with your home health team
- Care Coordination
- Explaining your medical treatment
- Support and advocacy to help you with doctors; hospitals; and Government agencies etc.
- Transport to and from essential medical appointments
- Connecting with family
- Access to limited medical aids and equipment
- Medicines.

ITC Country to City service assists clients from all country regions:
