About Boab Health

Boab Health Services Pty Ltd is a not-for-profit primary health care organisation servicing the Kimberley region of Western Australia. Services include allied health, mental health, care co-ordination and a range of health promotion programs. Boab Health Services delivers these services from centres in Broome and Kununurra with outreach to the wider communities in the Kimberley. For further information about the services we provide visit our website www.boabhealth.com.au

Position Responsibilities

This podiatry position can be in Kununurra or Broome and performs a vital role in delivering podiatry services for the East Kimberley region with outcomes consistent with the company's Strategic Plan, Operational Plan and the Grants/Services funding agreement.

Job Description

Service Delivery

- Provide evidence based comprehensive podiatry services in the East Kimberley region according to the service delivery requirements.
- Contribute to the development of podiatry clinical practice, and maintenance of Boab Health Services policies and guidelines.
- Participate in performance measures, that includes the recording and reporting of statistics to measure clinical practice and outcomes that identify service delivery quality and improvements.
- Accountable for autonomous clinical decision making in the provision of safe and efficient client care for complex and varied caseloads from multiple health care sites and service providers.
- Provide services under fee for service or through Medicare and other local services as directed.
- Participates in capacity building activities related to preventative strategies in supporting improved foot health in the region.
- Utilise strategies to strengthen the client's capacity to achieve goals and self-manage.
- Utilise systems to prioritise clients according to their clinical risk factors.
- Conduct all patient/consumer interventions, training and educational activities with

respect to the culture and heritage of the individual, group or stakeholder.

- Any reasonable additional duties in keeping with qualifications and capability as directed by the Regional Manager or the Executive Manager Clinical Services.

Community Services

- Coordinate community operations including information dissemination and identification of and involvement in regional opportunities to promote the objectives of Boab Health Services.

Innovations and Development

- Monitor the wider operating environment for opportunities to better address local health issues with an emphasis on integration of podiatry services into comprehensive primary health care.
- Research topical issues to inform the organisation and or health sector on existing and developing programs and initiatives in podiatry.
- Support regional training and education of health care professionals related to the preventative measures for diabetic foot ulcer and best practices when appropriate.

Health Program Development

- Liaison with local health care providers and communities for program refinement (including service delivery improvement) and identification of further opportunities, especially as they relate to integration of podiatry programs into primary health care services
- Build a sustainable service in partnership with regionally based health providers, including the up-skilling of relevant health workers to work towards a seamless approach to patient care.
- Ability to contribute to formal training courses or regional education forums as required.

All staff members working at Boab Health are expected to conduct work activities consistent with relevant health and safety legislation and contemporary best practice. **New employees are expected to undertake a National Police Clearance check prior to employment, a Working with Children Check for Western Australia.**

All staff have a shared responsibility to contribute to the effective management of quality, safety and risk and all staff share the authority and responsibility to identify non-conformances and possible improvements and record these instances in order for corrective or improvement action to be taken.

Staff members are to deliver programs with respect to the environment and in accordance with current practices for efficient resource utilization and waste management principles.

Essential Selection Criteria:

1. A Bachelor of Podiatry qualification (or equivalent), and current registration with AHPRA.
2. Current professional body membership with APODA
3. A proven ability to plan, implement, and evaluate individual and group podiatry programs, preferably with at least 12 months clinical experience.
4. Demonstrated experience in working with high-risk podiatry clients; including the provision of preventative education, neurovascular assessment, and wound care.
5. High level interpersonal, written and oral communication skills.
6. A proven ability to prioritise workloads and work independently employing sound time management skills.
7. Ability to work with Indigenous clients and be flexible and culturally sensitive to clients needs.
8. Demonstrated ability to follow defined service quality standards, workplace health and safety policies and procedures relating to the work being undertaken in order to ensure high quality safe services and workplaces.
9. Willingness to travel intra and interstate as required (including by light aircraft, and 4wd) and possession of a "C class" driver's license.
